

# Mayor Iveson graces Coalition's Civic Engagement Event

*Edmonton, August 17, 2014:* Edmonton Mayor, His Worship Don Iveson, graced the Edmonton Multicultural Coalition Civic Engagement Event held on Saturday, August 16 2014 in Edmonton. The event was a sequel to last year's pilot project held in conjunction with Centre for Public Involvement (CPI). The event outcome is to support civic and political engagement of immigrants and refugees in Edmonton. To see more about the event, [VISIT OUR PHOTO GALLERY](#)

# Youth Community Research Project to be held in September 2014

Edmonton, August 23 2014

Each year the Edmonton Multicultural Coalition supports a community research project. This year the focus is on newcomer youth. After discussions and guidance by the community animators, a one-day youth research event will be held on September 13, 2014.

Please help us invite newcomer youth between the ages of 13 and 17 to participate. We have developed a flyer to share with your contacts (see attachment). Interested youth will be asked to pre-register for the event. The details for the event and how to register can be found on the flyer.

The research event will include fun and interactive activities and refreshments to help bring youth from many communities together to share their stories. Three Hive Consulting has been hired to help facilitate the activities and discussion with youth. The results of the research will be shared at a community sharing back event that will be held later in the fall.
