Edmonton, August 12, 2013

Edmonton Multicultural Coalition's UBUNTU FC thrashed BATURYN FC 7-1 in a thrilling soccer match played at the Edmonton Soccer Association Outdoor Complex on July 24 2013. This match was the highlight in a series of soccer derbies organized under the Coalition's Youth Leadership Development through Soccer. The popular soccer derby which has attracted hundreds of youth from ethnocultural communities has been going on all summer long and will end September 11 2013. At the same time, both youth and adults have been having fun playing basketball through the Kilkenny project. Both Youth Leadership and Kilkenny have been instrumental in imparting key skills in team building and mutual support to the participants. "The youth have enjoyed presentations from adults on the values of respect, cultural diversity, team building, employment, and volunteerism," commented the programs' coordinator, Jidiri Ndagije.
